## LEAVE YOUR LEGACY

# ABOUT | GUIDED BY A MISSION

## PASS THE TORCH FOR WOMEN FOUNDATION BELIEVES THAT ALL WOMEN SHOULD HAVE ACCESS TO PROFESSIONAL GROWTH.

It started with a simple idea - get a room full of like minded women together and see what happens next. What formed was a robust organization whose mission grew to support women as they navigate their professional journeys. In other words, a Foundation whose sole purpose was to Pass the Torch for Women.

We are a community that passes the torch through mentoring, connecting, and investing in women at all stages of their careers. Simply put, we are lighting the path for women and leaving a legacy for future generations and you can be a part of the movement.

The Foundation serves anyone identifying as female and is equally inclusive to all.

*“I have met some incredible people with amazing stories. You can feel the passion that this community has in our mission even in everyday conversations.”*

*“In order to leave a legacy, we have to pass on what we know and to pour into others...That is the unique privilege of being part of this organization.”*

# REASONS TO JOIN THE MOVEMENT

Without people like you, we cannot provide positive impacts for women within our community who are developing professionals, single mothers, first-generation college students, from underserved communities, and so many others.

## How can you join the movement?

## GIVE

Your tax-deductible donation will help the Foundation fund essential programs to support women. 67% of your gift goes to support our programming, while the remaining amount helps us stay open. Each dollar raised helps us say “yes!” to requests like Andrea’s. Here is her story:

“Pass the Torch has helped me. I came out of my comfort zone as a divorced single parent and domestic violence survivor. Now I work at Eli Lilly and have purchased a newly built four-bedroom home. Supporting the Foundation would be beneficial to mentees when advancing in educational and career growth, because having a safety net when an emergency arises is vital in reducing stress so a mentee can focus on learning, working, and not being overwhelmed at home.”

## MENTOR

Pass the Torch mentors are the glue that holds the Foundation together and we are always looking for people who want to lean back and pass their torch onto someone who needs it the most. By becoming a mentor, you are dedicating only an hour per month to a phone call that could change someone’s life.

## SPREAD THE WORD

Do you know a woman who could benefit from our programming? Nominate a student, developing professional, or developing leader today to give her the greatest gift of all - empowerment and hope for a bright future.

# A HEARTFELT THANK YOU

The women we serve need your help. Together, we are creating an opportunity for mentors to give because they have received.

Ask yourself, is it time for me to pass my torch and be a part of the change? If the answer is yes, please visit [www.passtorchtowomen.org](http://www.passtorchtowomen.org) today and be our reason why we keep our doors wide open.

We know we can't do it alone. Our team is working tirelessly, like so many organizations, to keep doing what we do best. Thank you to all our partners who have joined the movement and for all who have donated to support women from all walks on their journey.
